BEFORE

AFTER 1 TREATMENT

"Immediately after one treatment, I was able to pull up and button a pair of jeans that were sitting in my closet for over 6 years. I was so happy my eyes literally filled up with tears!"

Cathy S. - Futura Pro Patient

TAKE THE SKINNY JEANS TEST

Everyone has smaller clothing that they hold on to in the hopes of achieving their slimmer self. You will become a Skinny Jeans fan as soon as you take the Skinny Jeans Test!

BECAUSE SKINNY JEANS DON'T LIE

Experience the immediate results of the treatment by bringing in a pair of skinny jeans and enjoy as you successfully pull on and button those troublesome pants after just one session. Skinny Jeans Treatment tones muscles in those tricky areas that define the body.

EXPERIENCE THE BENEFITS OF MUSCLE RE-EDUCATION

The Futura Pro uses advanced muscle re-education through a proprietary pattern of electrical current to dramatically change the way your muscles shape your body.

THE SKINNY JEANS TEST WITH THE FUTURA PRO

The Futura Pro is the product of decades of physiological research by Ultratone experts in collaboration with neuroscientists from the University College London.

The system is currently used by thousands of healthcare practitioners around the world.

- "My first treatment improved the tone of my body... I've dropped two dress sizes."
— Reader review in Woman&Home Magazine
- "When I put my trousers back on they were definitely looser and the whole thing was much quicker than a lunchtime trip to the gym."
— Reader review in The Sun
